Dekordor® 3D Horizontal

The finishing touch

This innovative and contemporary door finish, with its horizontal textural surface is available plain or in a variety of metallic inlay options. Creating sophisticated environments that make a design statement, Dekordor® 3D can transform a multitude of applications from homes to hotels and offices to community buildings. Whether you decide upon a deep door tone like Grey or one of our new Pale Oak and Cloud White finishes, the result will command attention.

- Horizontal designs with on-trend colours: Grey, Black, Washed Oak, Pale Oak and Cloud White
- Embossed finish
- Plain model available or with inlays
- Use for matching pairs except for Washed Oak
- UV stable and easy to clean
- Door only or door and frame in glazed or unglazed configurations
- Aluminium inlay as standard. Groove options upon request.
- Fire, acoustic and security performance
- FSC® Certified
